DR. F. BRANDON.

One of Lafayette's Most Prominent Citizens, Dead.

Death Was Due to Gastritis, From Which He Had Been a Great Sufferer.

Lafayette, Ky., June 8.—Our town and community is in mourning today on account of the death of one of her best citizens, Dr. Finis Brandon, who passed away at his home here at 10 o'clock this morning. Death was due to gastritis, from which he had been a great sufferer for some time.

Last winter Dr. Brandon was attacked by the grip, from which he never fully recovered. Three weeks ago he went to Dawson Springs and spent a week, in the hope that he might derive some benefit from the waters at that place. He remained a week, but there was little improvement in his condition and he was brought home. He continued to grow worse until Friday, when he began to sink rapidly and death came as above stated.

Dr. Brandon was one of our most substantial business men, a fine physician and good citizen. He would have been 48 years old in July next. In early life he joined the Methodist church and was a pious, christian gentleman. He will be greatly missed by the family and the community at large. He is survived by a widow and two sons. For several years he had been associated in business with his oldest son, R. W. Brandon, in this place. His youngest son, Carter, is only nine years of age.

Dr. Brandon enjoyed a wide popularity and he leaves many friends and relatives who deeply sympathize with the bereaved family. He was a native of Dover, Tenn., and was a brother of the Rev. W. C. Brandon, of the Louisville Conference.

Funeral services will be held at his late residence tomorrow afternoon at 3:30 o'clock by his pastor, Rev. W. C. Hays, and the interment will take place in Powell cemetery.

FOUND BY TRACK.

Sam Marlow Sustained Painful Injuries Near City.

Samuel Marlow, of near Weaver's Store, Tenn., was found near the L. & N. track, two miles south of the city, at an early hour Tuesday morning, with his face cut in several places. The man was brought here and given medical attention. While his injuries are of a very painful nature, he will recover. Marlow says that he joined Sells & Downs' circus at Clarksville and assisted in loading on the stock at that place Monday night. He claims that he was shoved or kicked from the train by a brakeman.

TOBACCO MARKET.

Bath Receipts and Sales Heavy This Week.

Great activity prevailed on the local loose tobacco market during the past week and there was also something doing on the breaks. Private hogheads sales were large and the public sales were also fairly good. Prices realized were about the same as those quoted last week.

The loose sales on the floor by R. M. Woodbridge & Co., were the best of the season. Something near 300,000 pounds were disposed of on the floor. The market on leaf was steady. Lugs were active, but the ruling prices of last week prevailed generally. Both loose and cash receipts have been very heavy this week.

TWELVE KILLED.

Miners at Cripple Creek, Col., Blown Up.

The Impact of the Explosion Was Heard For Many Miles.

Cripple Creek, Col., June 6.—Twelve miners were instantly killed and eight or ten others badly injured by an explosion that occurred early today at the Independence station of the Florence and Cripple Creek railroad. The cause of the explosion has not been ascertained but apparently it was the result of a plot against the non-union miners on the night shift at the Shurtloff, Findlay and Last Dollar mines who had just finished work and were about to return to their homes. These men had no warning whatever of their impending fate.

The explosion occurred beneath the platform on which they were standing, hurling many of them high into the air, destroying the adjoining depot and rending a great hole in the earth.

The depot was entirely destroyed and the ground on which it stood shows a great gash as if an earthquake had torn up the country and left this yawning cavity to remind the people of a great upheaval. The impact of the explosion was felt in every direction. The miners who stood on the platform were literally shot into the air.

Detectives found the machine which set off the dynamite under the platform. It consists of a revolver and 300 feet of steel wire. The whole district is aroused over the catastrophe and further trouble is feared. A number of fist fights have already occurred. Guns will doubtless soon be brought into play if conditions remain as they are.

COUNCIL ACTS.

Home Telephone Company Are Awarded the City Contract.

The citizens of Hopkinsville have reasons to feel proud of the action of our City Council last Monday night, in awarding the contract for the city phones to The Home Telephone Co. The committee reported that while the Cumberland Bell Company bid \$1 per year less on each phone to be furnished, they had decided that after a careful investigation of the matter, that the Home Company had superior apparatuses and were therefore given the contract at a higher rate.

This commendable action by the City Council is proof to all doubting citizens that the Home Company are installing in our city the finest equipped and best organized system in the State of Kentucky, and our business men and the city in general, by investigating and doing the same as the City Council, can easily solve for themselves the telephone problem.

The Cumberland Bell Company have been tried and tested and found wanting in every particular and when they were asked by our representative men, time and time again to improve their service, they failed to even make an attempt until after the Home Telephone Company began installing a modern system.

The officers of the Home Company are to be commended in the way they have gone ahead to give the people of Hopkinsville the best service in the state, as it not only shows the interest they have in the city's welfare, but also the faith they have in the citizens in patronizing their company to the exclusion of the one who laughed in their faces and tried to force them to use a discarded service because they thought they had them in their power.

Our people are neither blind nor crazy, and the Home Company will receive the support of Hopkinsville citizens as well as the support of the city.

MORE RUMORS

Of Japanese Assaults and Victories.

London, June 9.—According to reports received at Liao Yang from Chinese sources, the Japanese made several sustained and stubborn attacks on Port Arthur on June 6, and were repulsed with severe losses. There are rumors from the same source of a naval battle, in which the Japanese lost four large ships. A report from Mukden, coming to London by way of St. Petersburg, says a Japanese squadron of nine vessels has been bombarding the western coast of the Liao Tung peninsula since June 7. There is no official information to confirm any of these rumors. Official reports from Tokio tell only of small damage to a Japanese ship near Port Arthur, and St. Petersburg dispatches tell of the loss of a Russian torpedo boat, neither incident being connected with a big naval engagement with a big naval engagement.

ELEVEN DIPLOMAS

Awarded to The S. K. C. Class Of 1094.

Alumnae Association Gives a Banquet at Hotel Latham With Covers For 75.

The Alumnae Association of South Kentucky College met at Hotel Latham Thursday morning and was permanently organized with about thirty members present.

Mrs. Lizze Gish Seagrant was elected president; Miss Willis Long, corresponding secretary; Mr. E. H. Higgins, recording secretary, and Mr. Pulliam Smith, treasurer.

A banquet was held at Hotel Latham last night at ten o'clock, at which covers were laid for 75 members and guests. Prof. H. C. Smith presided as toast-master and there were after-dinner talks by Miss Katie Manson, Mrs. W. T. Fowler and others.

At the Opera House from 8 to 10 the 1094 class were awarded their diplomas.

Following is a list of the graduates: Misses Katherine Faxon, Lucile Bush, Nannie Reeder and Sallie Barnett, all of Hopkinsville; Miss Georgia Willis, of Rochester, Ky., and Miss Lisle Archibie, of Slaughter'sville, and Messrs. Milton Moore, of Hopkinsville; McNary Hoffman, of Nebo; Ben Salmon, of Ilesy; Earle Stone, of Earlington; Fred Bailey, of Madisonville.

CARVED HIS MAN.

Colored Employees of Circus Entangle in Fight.

One of the colored cooks with Sells & Downs' show became involved in a difficulty with another negro employee of the show here Tuesday and as a result of the trouble the cook cut his man on the face and head with a butcher knife. The wound was able to leave with the circus. The party who did the carving took to his heels and made good his escape.

STRAY BULLET

Came Near Hitting Attorney G. W. Southall.

Mr. G. W. Southall narrowly escaped being hit by a stray bullet fired down West Eighteenth street Tuesday night. He was on his way home when the shot was fired. It was thought that one negro was shooting at another. Mr. Southall has caused a warrant to be issued for the alleged offender. The ball passed pretty close to Mr. Southall's body.

MEMBERS OF CONGRESS.

Men Who Were Born in One Section
and Represent Another at
Washington.

There are few men in congress
who are natives of southern
states, but who have moved north
and represent northern constitu-
encies, says the Washington
Post. There is but one man who
is a native of a northern state
who have been elected from the
south, and in this case he comes
from a border state. Very many
men born in eastern states are
now representing western states.
This is very natural, as the tide of
immigration has been from east
to west, and the west has been
peopled by the east.

It is a rare thing, however, to
find a man in congress from the
east who was born in the west.
But there are some. Fowler, of
New Jersey, and Greene, of Mas-
sachusetts, are natives of Illinois.
Perkins, of New York, was born in
Wisconsin. Hearst, of New York,
is a native of California.

The men who were born in the
south and now represent northern
constituents are Senator Hawley,
of Connecticut, who was born in
North Carolina; Senator Cullom,
of Illinois, a native of Kentucky,
a border state, however; Senator
Newlands, of Nevada, a native of
Mississippi; Speaker Cannon, of
Illinois, and Representative Dix-
on, of Montana, and Shober, of
New York, were born in North
Carolina; Representative Mar-
shall of North Dakota, is a native
of Missouri. West Virginia is
not always counted a southern
state, and the fact that her two
senators are Ohio born scarcely
makes the exception to the rule
that few northern men are sent
to congress from the south.

THE RIGHT WAY TO WALK.

Preservation of a Good Figure De-
pends to Some Extent on This
—A New Theory.

A friend who looks a very active
life has a theory that the preser-
vation of a good figure depends to
some extent on the manner of
walking, says the Philadelphia
Inquirer. Many people, he says,
as they advance in years allow
themselves to walk heavily and
without elasticity, so that the
whole weight rests on the lower
part of the limbs at every step,
the only effect of exercise being
weariness of the legs and feet. In
stead of this his body should be
held erect and poised so as to have
a perfect balance; in this way the
muscles are braced and strength-
ened throughout, the lungs must
of necessity be well expanded, and
it seems quite reasonable to sup-
pose that this tendency to increase
of weight may be checked. At all
events a brisker and a brisker
and more enjoyable manner of
walking can be kept up, and that
it itself is a very good gain.

Quite Romantic.

A romantic incident connected
with the recent marriage of two
popular young people of Bridgton,
Me., has just come to light. It
seems that in the very beginning
of their courtship some six or
seven years ago, during one of the
young man's visits to the home
of the young lady who finally be-
came his wife, he chanced to take
from his pocket a \$10 gold piece
which the young lady got into her
possession. He made a brief at-
tempt to regain it, but gave it up
and in a joking way said: "Keep
it to pay the minister with."

The years went by and the gold-
en eagle was entirely forgotten by
the young man. On the day when
the marriage ceremony was to
take place, which was the opening
of the present season, the bride-
to-be produced the identical gold
piece and the minister received it
for his fee.—Kennebec Journal.

The Nile Valley.

The secret of the inexhaustible
fertility of the Nile valley, which
has long been credited to the an-
nual deposit of silt from the over-
flowing of the river, has been dis-
covered by Mr. Fairchild, agricul-
tural explorer of the United
States government, to be the ni-
trifying powers of the plant her-
self. Berseem is a species of tri-
folium, which has the power not
only to consume saline and alkali-
ne properties in the land, but
also to enrich it with nitrates.
Something of a composite of alfalfa
and clover, it is in every way
more delicate in flavor and more
succulent than either.

THANKFUL PEOPLE.

They are Found In Every Part Of
Hopkinsville.

Many citizens of Hopkinsville
have good reason to be thankful for
burdens lifted from aching backs,
which they bore patiently for years.
Scores tell about their experience
publicly. Here's a case of it.

J. W. Tunks, of 312 West Seventh
street, who is employed at M. C.
Forbes' planing mill, says: "The
condition of my health was such as
to cause me a great deal of worry
about my future. I had an almost
constant aching across the small of
my back and the kidney secretions
were highly colored, excessive and
irregular, in fact, the disorder was
so pronounced that it had been said
that I bordered on diabetes. I also
suffered at this time with indiges-
tion, which caused me a great deal
of distress. At one time I was
scarcely able to do any work at all
for nearly a year. I doctored and
tried various remedies but nothing
did me any permanent good until I
used Doan's Kidney Pills, which I
procured at Thomas & Traber's
drug store, and by the time I had
finished the box I found that they
had brought about so decided an
improvement in my condition as to
convince me of their real worth, and
I am more than thankful for the re-
sult that I have received."

NEW ORDER.

Salaries of R. F. D. Carriers
Based On Miles Traveled.

Order Defining the Outside Busi-
ness Carriers Will Be
Allowed to Transact.

In future the salaries of rural
free delivery mail carriers will be
adjusted on the basis of the number
of miles traveled.

The following statement regard-
ing the outside business privileges
of the mail carrier has been issued
by the department, and an order
there-with will be promulgated at
once by the Postmaster-General:
"Under the law rural carriers
are not permitted to solicit business
or receive orders of any kind from
any persons, firm or corporation,
and cannot, during the hours of
their employment, carry any mer-
chandise for hire, except at the re-
quest of patrons residing on their
respective routes, providing the
same shall not interfere with the
proper discharge of their official
duties, and under such regulations
as the Postmaster-General may
prescribe.

POSTAGE MUST BE PAID.

"Under this provision of law no
mailable matter may be handled by
rural carriers while serving their
routes unless the proper postage
has been prepaid, with the single
exception of country newspapers,
which under the law, are permitted
to be carried free throughout the
country in which they are published
to actual subscribers, and such
newspapers, addressed to subscrib-
ers, residents on rural routes, must
be deposited at the postoffice, the
same as papers for other subscrib-
ers.

The hire for merchandise carried
on request of the patron of rural
free delivery must be paid by the
patron. Carriers will not be per-
mitted to receive any compensation
from the seller of such merchan-
dise.

CAN'T LEAVE THEIR ROUTES.

Articles or packages which are
mailable, which are handed to the
carrier or deposited in the post-
office or in a rural letter box, or in
a collection box located on a rural
route, with request that the rural
carrier deliver same, are subject to
the rules regulating mail matter,
including the payment of postage
thereon.

Articles or packages that are not
mailable, which the patron desires
the rural carrier to carry, must be
delivered to the carrier in person,
and in carrying merchandise for
hire rural carriers are not permit-
ted to leave their routes as officially
laid out, or to accept anything that
will in any way delay the delivery
of the mail, or in any way interfere
with the efficiency of the service."

To Cede the Philippines.

St. Petersburg, June 6.—The
Novoe Vremya to-day discusses
quite seriously the report that the
United States intends to cede the
Philippine Islands to Japan, and
argues that the far-seeing Yankees,
anticipating the inevitable future
conflict with Japan, prefers to sell
the islands instead of defending
them, having thereby learned
Russia's lesson of the present war,
namely, the difficulty of holding
territory so far from the base.

That the marketing of Tobacco on the open markets by concentrating
the demands, will bring better results to sellers, is self-evident truth.
Public meetings, stenographers, typewriters and their offspring "Resolu-
tions," cannot better conditions. But, until determination on the part
of planters to offer their Tobacco on open markets to the highest
bidders will bring face to fact every known demand for Tobacco. Help
us to sell your tobacco for good prices, by patronizing open market's.
It stands planters in hand to think of this.

Returns from the second Demo-
cratic State primary in Florida
assure the nomination of James P.
Tallaferris to succeed himself as
United States Senator, and of
Frank Clark as Congressional rep-
resentative from the Second district.
The race between Congressman
Robert W. Davis and Capt. N. B.
Broward for the Governorship is
very close and the result is still in
doubt.

There is more Catarrh in this
section of the country than all other
diseases put together, and until the
last few years was supposed to be
incurable. For a great many
years doctors pronounced it a local
disease and prescribed local reme-
dies, and by constantly failing to
cure with local treatment, pro-
nounced it incurable. Science has
proven catarrh to be a constitu-
tional disease and therefore requires
constitutional treatment. Hall's
Catarrh Cure, manufactured by F. J.
Cheney & Co., Toledo, Ohio, is
the only constitutional cure on the
market. It is taken internally in
doses from 10 drops to a teaspoon-
ful. It acts directly on the blood
and mucous surfaces of the system.
They offer one hundred dollars for
any case it fails to cure. Send for
circulars and testimonials.

Address: F. J. CHENEY & CO.,

stipation.

That

Tired Feeling

is a Common Spring Trouble.
It's a sign that the blood is deficient
in vitality, just as pimples and other
eruptions are signs that the blood
is impure.

It's a warning, too, which only the
harmful food can lead.

"I felt tired all the time and could not
sleep. After taking Hood's Sarsaparilla
a while I could sleep well and the tired
feeling had gone. This great medicine has
also cured me of eczema." Mrs. C. M.

Hood's Sarsaparilla promises to
cure and keeps the promise.

The Bureau of Forestry has is-
sued a report recommending a new
form of railroad tie, and urging
consideration of treated timbers.
The annual consumption of railroad
ties is 114,000,000, with the demand
each year border to meet. The
Bureau of Forestry recommends
the adoption of a trapezoidal, or
modified half-round tie, with a base
of ten to twelve inches and a top-
bearing surface of six inches,
which, it is said, would distribute
the weight of moving train loads as
effectually as a rectangular tie ten
to twelve inches broad. It is said
that lumbermen can make two ties
of this form from a log which would
furnish but one rectangular tie;
that it encourages the cutting of
large trees and the saving of small
ones until they reach more valuable
size, and permits the utilization of
tops.

A proposed amendment to the
State constitution of Missouri, which
makes it incumbent on railroads to
issue passes to the Governor, Lieu-
tenant Governor, Secretary of State,
Attorney General, State Auditor,
Treasurer, Superintendent of
Schools, Railroad Commission and
members of the General Assembly,
will be voted on by the voters of the
State next November. At present
the Constitution of the State pro-
hibits the issuance of passes or sale
of transportation at a discount to
the officials enumerated above.

Reports reaching Chelso indicate
that a combined land and sea attack
was made on Port Arthur June 6.
It is believed the Russian fleet made
a sortie and a naval battle followed.
Reports of an engagement in the
Gulf of Pechili come from a number
of sources. A Japanese correspond-
ent from Tientsin says there are
persistent rumors that the bat-
tle ship Yashima was sunk, but
reports from Admiral Togo as late
as June 6 do not mention any dis-
aster.

The programme for the congress
of arts and science to be held in St.
Louis September 19-26 has been
announced. The most eminent
scholars of Europe and America
will participate, including James
Bryce, author of "The American
Commonwealth," and Baron d'Es-
tamples de Constant, the French
leader in international arbitration.

The Government summary of the

SUCCESSFUL TEST.

Nine Men Stay Under Sea Twelve
Hours.

The submarine torpedo boat Ful-
ton, which was sunk to the bottom
of the ocean for a test, remained
there over twelve hours. The men
were on duty in watches of two
hours each, the remainder of the
time being spent in reading, play-
ing games and sleeping. All the
members of the crew were in good
condition and appeared to have
rested well. Fresh air was pump-
ed in every four hours. The test
was in every way satisfactory.
Hitherto only six men had gone be-
low for any length of time, but on
the Fulton there were nine men and
they could have stayed in the boat
under water ten days without com-
ing to the surface. The test was
made near Newport, Rhode Island
Tuesday.

GREAT SHOW.

Sells and Downs Give Two Per-

formances to Immense
Crowds.

The Sells & Downs big circus has
come and gone. The show arrived
at an early hour Tuesday morning
and pitched tents in Sharp's field.
Two performances were given and
large crowds attended both of them.
In the afternoon the enormous tent
was taxed to its full capacity and
it was well filled at the night per-
formance.

The show is one of the best on the
road and there was not a bad or
uninteresting feature in the entire
program. All of the old, regu-
lar circus acts are there on the im-
proved line, and are well per-
formed, but the novelties and more
elaborate features are what at-
tracted the greater attention.

The menagerie is very complete,
containing a fine collection of rare
wild beasts. The street parade
was a mile or more long, and was
one of the best ever seen in Hop-
kinsville. The show, in fact, is the
Sells Bros.' circus, which has visit-
ed this city before, with many new
and novel features added. Mr.
Wm. Sells, who was one of the Sells
Bros., bought out the show, and
Mr. Downs was taken in as a part-
ner. Sells & Downs have the
reputation of faithfully carrying
out all their advance agent prom-
ises, such as exhibiting all they ad-
vertise, etc., and they certainly
sustained their reputation on the
occasion of their visit to Hopkins-
ville. Their press agent, Mr. M. J.
Dowling, said the Kentuckian a
pleasant call while here. He has
been with the show for several
years and is thoroughly up on his
work, and a most courteous gentle-
man.

The Home Company has made

GOVERNMENT LOAN

And Uncle Sam Wants Money
When Due.

St. Louis, June 7, World's Fair
Grounds.—In a letter received by
the Exposition Company to-day,
Leslie M. Shaw, Secretary of the
Treasury, gave formal notification
that if payment on the \$4,600,000
Government loan are not promptly
forthcoming when due, he, as the
guardian of the United States
Treasury, would take charge of the
receipts and collection of fair tick-
ets.

The letter formally reminds the
the Exposition Company of the date
for the payment of the first install-
ment of the loan and incloses a
copy of the rules governing the loan
and repayment. These rules set
forth that the loan of \$4,600,000 was
made to the Exposition Company in
the month of February, March,
April and May, 1904, and that in
return the government is to have
first lien on the receipts of the fair
from paid admissions and concession
privileges. Payments are to be made
each half month, the first payment
June 15, when 40 per cent. of the
gross receipts from June 1 to June
15, shall be surrendered. Thereafter
at the 1st and 15th of each
month, 40 per cent. of the receipts
for the previous half month shall be
paid, and it is further provided that
after the 1st of July the semi-monthly
payments shall not be less than
\$500,000 each.

EASY SAILING.

For Administration Forces in State Convention.

McQuown Chairman And Beckham, James, Blackburn and McCreary Delegates.

Louisville, June 9.—What promised to be a bitter contest for control of the State organization came up in the Democratic State Convention which met here yesterday. The result of the first struggle, the election of a temporary Chairman, was a decisive victory for the Administration forces, led by Gov. Beckham. Gov. Beckham was elected temporary Chairman by a vote of 817 to 322 over Judge Frank Peake of Shelby county. The fight against the Administration was led by Senator J. C. S. Blackburn, assisted by Senator McCreary and Congressman D. H. Smith.

When the convention opened State Chairman Young made a lengthy speech, in which he attacked the methods of the Administration workers, but disclaimed any personal animosity toward Gov. Beckham. At the close of Chairman Young's speech Congressman Ollie James, acting for the Administration men, placed Gov. Beckham in nomination for temporary Chairman.

Congressman James' speech was the forerunner of an enthusiastic reception given United States Senator Blackburn when he took the floor to nominate Judge Peake as the candidate of the anti-Administration men for temporary Chairman. Senator Blackburn made a remarkable speech.

Nothing Personal.

Disclaiming any idea of making war on individuals he yet asserted that the Democratic party in Kentucky was falling into the grasp of a machine and out of control of the voters. He declared that he and his associates would contest to the last the effort of the administration men to elect Lewis McQuown Chairman of the State Central Committee. Passing to National affairs he spoke in favor of an un-instructed delegation.

The overwhelming vote for Gov. Beckham for Temporary Chairman put his adherents in full control of the temporary organization. Gov. Beckham, in his speech accepting the temporary chairmanship, announced that the fight for the con-

trol of the party was not of his seeking.

Sarcastic Reference.

He denied Senator Blackburn's assertion that a machine and not the voters controlled the party, and sarcastically stated that, of course, no one believed Senator Blackburn, in making his fight was seeking to build up a machine for himself.

The work of organizing the committees was rapidly proceeded with and the temporary organization having been completed the convention took a recess until 8:30 o'clock.

The first business before the convention at the evening session, the report of the Committee on Credentials, did not provoke the struggle that was expected and the four contests passed upon received a unanimous report and were unanimously adopted.

Short But Lively.

There was a short but spirited debate in the Committee on Resolutions over the platform, five of the members demanding the reaffirmation of the Kansas City platform. In order to prevent a contest on the floor of the convention a compromise was affected by adopting the following opening clause:

"The Democratic party of Kentucky in convention assembled affirms its faith in and adherence to the great and fundamental principles of Democracy as expounded by Jefferson, exemplified by Jackson and ably defended by Bryan."

The Committee on Permanent Organization at midnight presented a majority and minority report. The majority report recommended the selection of Senators Blackburn, and McCreary, Gov. Beckham and Congressman Ollie James as delegates at large to the National convention. The report recommended the election of Lewis McQuown as Chairman of the State Central Committee.

The minority report, while concurring with the majority report as to the delegates at large, called for the election of Congressman James N. Kehoe as chairman.

After much wrangling, the majority report was adopted without change.

The temporary organization was made permanent.

The delegates are only instructed to vote as a unit.

Congressman Shirley introduced a resolution to instruct for Parker, but it was voted down and the convention adjourned at 1:45 a. m.

BIG DEAL.

Two Coal Mines in Hopkins County Sold.

Madisonville, Ky., June 8.—Perhaps one of the largest coal mine deals ever made in this county has just been completed. Mr. L. E. Haydon, of Hopkinsville, selling to William Lynch, of Dawson, two coal mines, a big company store at Mannington, and, in addition to this, about 1,200 acres of fine timber and mineral lands in and around Mannington.

The consideration is not known, but it is believed the purchaser paid something near \$100,000 for his newly acquired property.

Mr. Lynch will place mills on the land to work up the timber and will soon have both in operation. He will also lay off a new town at Mannington and open it for settlement.

Two more pitched battles between union miners and soldiers were fought in the Cripple Creek mining region Tuesday. At Dunsville one miner was killed and fourteen prisoners were taken. In a fight near Fort seven miners were captured. Martial law has been declared and a commission has been appointed to try the prisoners. The blowing up of a railroad platform by dynamite Monday caused the death of thirteen non-union miners, who were waiting for a train. Although there have been 15 or 20 deaths growing out of the strike riots.

The Home Company has the only franchise that was sold and ratified by the council and approved by the people.

DEATH OF MRS. LOCKERT.

She Had Been a Great Sufferer For Years.

Mrs. James Lockert died at her home near Fairview, after an illness of long duration. She was thirty-eight years old, a member of the Baptist church, and had been an invalid for three years. A husband and two children survive. The interment took place in the Jesup burying ground.

HOPKINSVILLE BOY

Among Those Who Successfully Passed Examination.

A dispatch from Montreal says that Dr. Parkin has received, at McGill University, the report of Oxford examiners upon the papers of candidates examined on April 13 and 14 throughout the United States and Canada which have no colleges affiliated with Oxford. Altogether, 120 candidates have passed from the different states and territories of the union, and thus become eligible for election as Rhodes scholars. Among them is Clark E. Tandy, of Kentucky.

Clark Tandy is a son of Mr. W. T. Tandy, of this city. He will have the advantage of a full course in Oxford college. His many Hopkinsville friends will learn with pleasure of his success in winning the Cecil Rhodes scholarship, as he is an exceedingly bright young man and in every way worthy of the honor.

FAVORITE FRUIT.

Good Prospect for Big Peach Crop In Georgia.

Parties from the North who have been looking over the peach orchards in the South claim that there has been a wonderful spread of the culture in Georgia, and that there is now the best prospect of a big crop that the southerners have had for some years. The past season has been particularly favorable to fruit growing. Owing to the condition of the atmosphere, the sap did not rise in the trees prematurely, and as a result the late freezes have been safely passed.

It is claimed that there are now in the State of Georgia no less than 2,000 peach growers, and that 8,000,000 trees will bear fruit this season. In 1898 the shipments reached 2,500 cars, but last year they dropped down to a thousand. It is estimated that the state will send out of its big orchards no less than 5,000 cars.

LUNG TROUBLE

Causes Death of Mr. W. B. Weeks, of Paducah.

Mr. W. B. Weeks, a prominent wholesale grocer of Paducah, who had been in Asheville, N. C., for his health, died at that place Monday night, of lung trouble.

Mr. Weeks married Miss Willie Wallace, of this city, about twelve years ago, and is survived by a widow and two children. He was a member of the Presbyterian church, and a Mason.

Mr. R. H. DeTreville and wife, Mr. W. T. Cooper and wife and Mrs. Cora Wallace, of this city, will attend the funeral this afternoon in Paducah.

WILL PROBATED.

Dr. Wheeler Left All His Estate to His Daughter.

The will of the late Dr. W. G. Wheeler has been probated. He bequeathed all of his property to his daughter, Mrs. Emily W. Elliott, of Owensboro. John D. Elliott was named in the instrument as executor, but as he is now dead, an administrator had to be appointed, and Mr. William Elliott, his brother, of Henderson, was named. He has qualified with Messrs. J. F. Garrett, T. J. McReynolds and Merriweather Mason were appointed appraisers. Mrs. Emily Elliott as surety.

LOCALS WON

The Game From Henderson Played There Wednesday.

Some Fine Ball Playing to be Expected on Hopkinsville Diamond Next Week.

The next ball game on the local diamond will be played between Clarksville and Hopkinsville, June 17. This game will be the first of a series of three to be pulled off here between these clubs. Clarksville has a fast team this season and Hopkinsville also has an aggregation that can play ball and these games it is safe to say, will be most interesting contests.

The local team is now at Henderson and played the first of three games Wednesday, defeating the Hens by the score of 8 to 6. They played the second of the series yesterday and today the third will be played. Hopkinsville plays at Cairo next, commencing a series of games at that place tomorrow. From there they come to Paducah for three games and will then return here for the contests with Clarksville.

Hopkinsville lost the game at Paducah Monday by the score of 7 to 3. The locals did fine stick work, but lost the game on errors. At Henderson the same day the Cairo team was shut out, the score being 2 to 0 in favor of the Hens, who put up an errorless game. At Vincennes the Clarksville club was also shut out by the score of 9 to 0. Vincennes had no errors charged up there. They slugged the ball over the field and had things their own way from start to finish. Paducah also defeated the local club on Tuesday at Paducah. The score was 8 to 5. Clarksville on Tuesday lost the concluding game of the series from Vincennes by the score of 2 to 1. Henderson lost to Cairo at Henderson the same day, the score being 11 to 2. At Vincennes Wednesday Cairo won by the score of 5 to 1. Clarksville, the same day was victorious, defeating the Pads by the score of 4 to 1.

William Ranburgur, the local's short stop, jumped his contract while the team was playing at Paducah and has gone to St. Louis. Hopkinsville has signed Jesse Moore, of Arkansas, and he joined the team at Henderson yesterday. He comes highly recommended as a ball player. He is a catcher of note and is also said to be a fine first baseman.

Mullen has been sold to the Cotton States league and left for Greenville, Miss., yesterday.

The Home Company has a full metallic copper wire system, the only copper wire system in the city.

CIRCUIT COURT.

Petit Juries Made Up for the June Term.

Following is a list of the petit jurors selected for this term of court: John Cobb, W. T. Cooper, B. Underwood, Jas. Jones, W. A. Fritz, Geo. Shelton, W. W. Ralston, Thos. Cavanaugh, J. R. Harrison, Sam Wright, John East, Lee Walker, Thos. Gilkey, Clyde King, Jas. Crow, Bud Mosley, R. F. Ralston, L. M. Lowry, W. C. Gross, Millard Gilliland, W. H. Elgin, C. A. Carter, Ed Allen and F. P. Martin.

There was no session of court Wednesday, the day of the State convention. The judge and commonwealth's attorney Smith returned to the city yesterday morning and business was resumed.

About a dozen misdemeanor cases were filed away with leave to reinstate and several cases were continued to the fall term.

The jury in the case of Garfield Callis, charged with carrying a concealed deadly weapon, returned a verdict of guilty. He was fined \$25 and given ten days in jail. Motion for a new trial was made.

The case of Charles Finch and Ed Mosely, the Pembroke negroes charged with murder, was set for yesterday, but will not be called until to-day.

The Home Company has the only underground system in the city.

HOT WEATHER, NERVOUS WOMEN.

BLANCHE GREY.

MISS BLANCHE GREY, a prominent young society woman of Memphis, Tenn., in a recent letter from Atlanta, Ala., writes:

"To a society woman whose nervous force is often taxed to the utmost from lack of rest and irregular meals, I know of nothing which is of so much benefit as Peruna. I took it a few months ago when I felt my strength giving away, and it soon made itself manifest in giving me new strength and health."—Blanche Grey.

Passed Resolutions.

Resolutions passed June 10th, 1904, by Bardstons Baptist Church. March 1 former pastor, John O. Rust.

Whereas, The mortal life of our brother and former pastor John O. Rust, has grown into the eternal and immortal, and his spirit has found rest with his loved Redeemer:

We, the members of Bardstons Baptist church, meet to pay tribute of love and affection to our dead and dedicate a page to his memory.

John O. Rust was pastor of this church from 1890 to 1895. He came to us a young man from the seminary and this was his first regular pastorate. From the first he was successful, by his earnest and intense preaching, his sympathy and love for his fellow men, building up and strengthening our church and giving it new impetus. Few indeed of the men in the Baptist ministry possessed his gift of statement and eloquence of speech. He gained and held the honored distinction of the love and esteem of a whole community. When he left us to make his home in Nashville we remember with loving pride that he loved to return to see us. And we felt that he was still our John O. Rust.

Resolved, That we deeply feel his loss.

Resolved, That we extend our love and sympathy to his beloved wife who labored with him for the good of this church, and that we invoke the blessings of our Lord upon her and family.

Resolved, That these resolutions be spread upon a page of the church book, furnished to the papers, and that a copy be sent to his bereaved family.

Life.

The poet's exclamation: "O Life! I feel thee bounding in my veins," is a joyous one. Persons that can rarely or never make it, in honesty to themselves, are among the most unfortunate. They do not live, but exist. To live implies more than to be. To be is to be well and strongly; to arise feeling equal to the ordinary duties of the day, and to retire not overcome by them; to feel life bounding in the veins; a medicine that has made thousands of people men and women well and strong, has accomplished a great work, bestowing the richest blessings, and that medicine is Hood's Sarsaparilla. The weak, run-down, or debilitated, from any cause, should outfit to take it. It builds up the whole system, changes existence into life, and makes life more abundant. We are glad to say these words in its favor to the readers of our columns.

Wedding Announcement.

Marion, June—Carls has been issued by Mr. and Mrs. John Witherspoon Wilson to the wedding of their sister, Evelyn Marshall Shelby, and Mr. John Pennel Roberts at their residence Wednesday, June 15, at 2 p. m.

\$50,000 Passenger Station.

Franklin, June 6—A new depot here is assured. The Louisville and Nashville Railroad Company proposed that if the citizens would buy the Duer vacant lot on the east side of their track, a \$10,000 passenger depot would be built. Leading citizens held an impromptu meeting and subscribed \$15,000 to purchase the lot.

Dividend No. 36.
At the semi-annual meeting of the board of directors of the Crescent Milling Co., a dividend of four per cent. (4 per cent.) was declared out of the net earnings for the six months ending May 31, 1904. Same payable July 1st, 1904.

SIGNS OF EARLY SPRING.

Some Seen by Prof. Von Joggelby from His Study Window—Backyard Scenes.

"I know when spring is at hand," said Prof. von Joggelby, according to the New York Sun, "by the things I see in the range of backyards in view from my study window."

"In the sheltered corner of some of these yards, where it is protected from the cold winds north and where it gets not only the direct, but from the sheltering fences, the reflected rays of the advancing season's warmer sun, the grass begins to grow green while yet there may be in other parts of the yard patches of snow and ice. The eager grass responds to the first call of spring."

"And we do the dwellers in the houses to which these yards are attached. On that same day in some of these yards there were people out raking up the winter's debris: the scraps and pieces of paper, and the twigs and the sticks, left on the ground after the melting away of its winter covering. They had sensed the approach of spring and they were cleaning up; and on the first occasion, anyway, they were moved no doubt not so much by a desire for neatness and trimness in their several yards as by an inward prompting to get back to them once more; to mother earth."

"It doesn't matter to me what the ground hog may say, or how many other indications may point. I always know when spring is at hand by those two signs, by the coming green of the tufts of grass in the sheltered corners of my back yard, and by the appearance of my neighbors at work cleaning up."

NOT THE ORIGINAL BOAT.

Shell Seen by Visitors at Columbia Not the One in Which Her Crew Won at Henley.

Columbia students and graduates will be disappointed to learn that the old shell hung in the university trophy room on Morning Side Heights is not the original boat in which the Columbia crew won the Visitors' Challenge cup at Henley in 1878. The shell, says the New York Sun, occupies the most prominent position in the room and has been pointed out to every visitor as the only American boat named by a college crew to win at Henley.

The first doubt as to the authenticity of the boat was expressed several months ago by Francis Sedgwick Bangs, a trustee of the university, who has always been prominent in Columbia's rowing interests. Subsequent investigations have shown that on the day before the Henley crew sailed for America Capt. Goodwin sold the two shells which Columbia had taken to England to Cambridge University, where they were used till a very few years ago, when they were broken up.

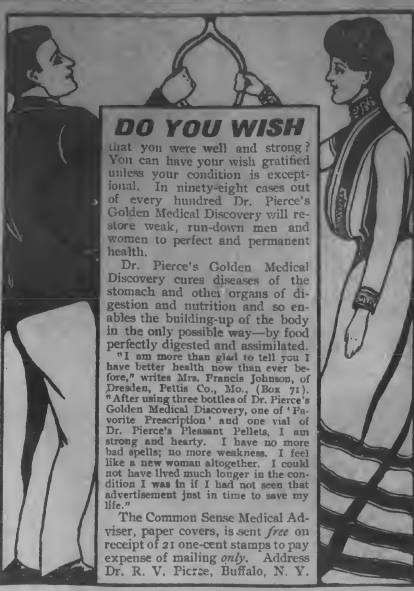

There is some consolation for the Columbia men in the fact that the oars used by her crew in this race, which are also on view in the trophy room, are the real ones brought back by the crew and subsequently presented to the university.

The Summer Season.

When one reflects upon the delightful weather which prevailed so generally in October, says Four Track News, and the even more perfect weather in November, it naturally calls forth the query, "why do we call the 'summer season' from July 1 to September 1?" It is absurd! June and September—even October and often November give us more delightful weather than July and August. I, for one, vote unanimously for a longer summer season, for a fuller period in which to enjoy the beauties of nature, for nature is so varied in her moods, and so lavish with her charms that she deserves more of our attention and the more attention we bestow the more we learn to admire her every phase and fancy, and the more we admire the better off we are, for every influence which nature exerts is for the good.

FASHION DOWNS HOODOO.

All Luck Followed Peacock Feathers Until Style Interfered—"Thirteen" to Succumb Next.

Many people believe that the peacock feather is an emblem of ill luck as potent as the infamous number 13. The publishers of a well-known magazine were forcibly reminded of this when they issued their holiday number with an elaborate peacock design on the cover, says the New York Herald.

The magazine found no sale on the news stands, and the publishers were actually obliged to recall the issue and provide a new decoration.

Whether it would be possible to make 13 popular is hard to tell. Perhaps it might be done if fashion should take it in hand as she has the peacock feather design. The colorings are rich and dark toned, and are used for hats, gowns and ribbons in every variety of style.

Lady Curzon, vicereine of India, is surely not prejudiced against the peacock feather, for she has an entire gown made of the applied peacock eyes. It is like a magnificently embroidered velvet and marvellous in coloring.

Stunning buttons are made to imitate the peacock eye. They seem to have been designed purposely for the green and blue changeable taffeta walking suits.

The peacock design appears also in belt buckles, hatpins, brooches and set in long chains, with a charm of a single eye enclosed in glass, supposed to be as lucky as the four-leaf clover. One unique design, seen at the opera, was a comb for the back hair of French gray silver. A peacock feather, exquisitely carved, turned over the top, and the "eye" was a combination of oriental stones in richest greens and blues.

A few unusual ornaments like this in a woman's jewel box add a charming touch to the tiresome sameness of fashion.

BOY AT SCHOOL IN CHINA.

The "Four Precious Articles" with Which He Provides Himself and Begins His Work.

Each Chinese schoolboy must furnish his own stool and table for school work, and the "four precious articles," which are the ink slab, a cake of India ink, a brush for writing and paper. With these, says Everybody's Magazine, he begins his weary task of learning to write and read the thousands of Chinese characters. These are to open the way to the Chinese classics, and a knowledge of this ancient literature and wisdom means education to the Chinese. At the opening of a Chinese school a paper on which is written the name of Confucius is pasted on the wall. Before this honored name the pupils and teachers burn paper money and joss sticks and bow their heads three times to the floor. The teacher then tells Confucius the day, the month and the year when the school is opened and begs for his favor. Every morning when the pupils arrive they must bow twice, once for the teacher and once for Confucius.

TO GRAVE IN SPECTACLES.

Even the Undertaker Was Surprised to See Dead Face Decorated with Eye-Glasses.

At a recent funeral it was noticed that the face of the dead was adorned with glasses. Naturally the queer decoration occasioned surprise. Even the undertaker seemed hardly to know what to make of it.

"However," he said, "this is not the first time I have buried a man with glasses on. But the instance have been so few that I have not got used to the idea. Certainly, I never add that finishing touch of my own accord. It is always done at the request of the family. In every case I find that the deceased and his glasses were inseparable in life, and in order to preserve the likeness they are to be still undivided in death. Personally, I think the notion artistic, but art is not my business. When anybody wants to be buried in glasses that's the way I bury them."

A Girl in Love.

When a girl is in love she is hungry only between meals.—Chicago Daily News.

TRICK WITH WATCH DIAL.

Is Extremely Puzzling Unless You Know the Secret Which Is Here Given Away.

If you carry a watch all right; if you don't carry one, borrow one for the occasion.

Lay the watch in your left hand face up, says the New York Herald, and, holding a pencil in your right hand, ask some person to think of some hour of the day, from one to twelve, and having detected it from twenty remember the remainder.

Your intention, you will say, is to tell him the hour he thought of, and you are going to count around on the dial promiscuously by pointing with your pencil, and when you have counted the number that he was to remember as the remainder he must stop you.

Let us suppose that he thought of five; then the remainder would be fifteen. You now count, mentally, of course, by pointing your pencil to different hour marks, taking care to point to the XII mark at the eighth count. Then count backward in regular rotation to XI, X, IX, etc., and when you come to V, or five, he will stop you, as this will be the fifteenth count, corresponding to the remainder, fifteen, which he was to remember. You will then know that five was the hour thought of.

You point to XII at the eighth count because twenty, the number from which the hour is to be deducted, is eight more than twelve. You may vary the number from which the hour is to be deducted, but the difference between that number and twelve is the count at which you must point to XII and then go backward.

HAVE TEETH IN STOMACH.

Lobsters Masticate Their Food in Queer Manner—No Molars Located in the Mouth.

The well known lobster is an example of this curious fact in zoology, though many, who have enjoyed eating it in various forms, are quite ignorant of the fact. Say the food has been captured by the pincer-like limbs and brought near the mouth. If it is not small enough it is torn by the rough "four-jaws" or foremost claws, five pairs being used in this way.

It then passes through the mouth, which has no teeth, and on to the stomach. This organ, which in most animals is formed of soft tissues only, is supplied with eight teeth, formed as ridges or projections from the walls of the four chambers. Together they form an hexagonal frame and when the food passes between the small muscles which work the teeth, they suddenly draw them together till they meet at a vertex and effectually crush what ever is between them. The process is repeated with the aid of the digestive fluid till the mastication is complete.

POE'S LOVE OF RICHMOND.

Only Period of His Troubled Life Which a Free Press Want Was Spent There.

The loved Richmond as he loved no other place on earth, says Charles Marshall Graves, in Century. His happy childhood was spent there—the only period of his troubled life which was free from want. Here he found his foster father, John Allan, who was proud of the orphan boy, and the only mother he ever knew, who was sweet and gentle with him to the end. Here were the friends and playmates of his boyhood, and here lived the gentle woman who was the "Helen" of the most beautiful of his early poems. Here, after a first ceremony in Baltimore, he was married by a second to a lovely and youthful Virginia Clemm, and here they spent the happiest year of their married life. Here, as editor of the "Southern Literary Messenger," he did much of his best work.

"Fourscore the Grab."

Louisa possesses a curiosity in the Southwark old market, which is said to have been held regularly for over 300 years. It is little known except in the neighborhood where it is held—viz., near Blackfriars bridge. Originally the eels sold were caught off Blackfriars bridge, but now they come mostly from Holland and Scotland. They are not sold by weight, as is usual, but by the handful, the price being "4d. the grab."

C. C. Lever, Paducah, Ky.

Dear Sir:—In answer to yours of recent date, I wish to say that I have almost completed my course in the I. C. S., and I am more than pleased with the instruction I have received. I heartily recommend the schools to any young man who wishes to better his condition. I will be glad to answer any questions asked by interested parties. Wishing you much success in the good work, I am yours truly,

J. H. OELZE, Chief Engineer and Electrician.

Hopkinsville, Ky., Feb. 4, 1904.

International Correspondence School, Scranton, Pa. I enrolled in your schools about two years ago taking the electrical engineering course. I take pleasure in stating that I have been greatly benefited in my work by the knowledge I have acquired through my studies. I would also like to express my appreciation of excellent text books and courses of studies furnished by your school. I think you have an ideal school.

Hopkinsville, Ky., Feb. 2, 1904.

The International Correspondence School, Scranton, Pa. Gentlemen: I take great pleasure in recommending your schools to any one desirous of educating himself, as I have completed your Commercial Course and have found it the most thorough I have ever known. It is so plain that it is easily understood; its explanations are all very brief and to the point which insures the very best results. I would not take ten times the cost of the course for the knowledge I have gained through your school.

INCREASED TWENTY CENTS.

Tax Levy Placed at \$1.45 For
All Purposes.

The City Council has found it necessary to make an increase of 20 cents in the tax levy for 1904. The rate some years ago was reduced from \$1.50 to \$1.25 and the lower amount has been found inadequate. The present levy is 50c for schools, 75c for general purposes, and 30c for interest on bonds, making \$1.45 on \$2,645,705. The white taxes are 980 at \$3 and the colored 866 at \$1.50 poll tax.

DAVID AND GOLIATH TO DATE

Though this Giant Trust, the International Broder Trust looks threatening and dangerous to the farmers, yet if they will only stand by the

OSBORNE,

Which is not in the trust, the International will go to pieces in one more season. David will do up Goliath. Don't listen to the false statement that the Osborne is in the trust. If it were, its makers would not allow us to fight the trust. We would have to let up or lose the agency. Such statements are ugly. The meanest thing that can be said about a machine is that it is in the trust. The fellows whose binders are in the trust are like the fox that had his tail cut off. The Osborne is fighting the trust from Maine to California and will win.
